Please ensure that you arrive to register at least 60 mins prior to your event start time and declare every event in which you intend to compete. Please remember that field warm-ups start 30 mins before event start time – Please see timetable.

Registration will open at 08:30am each day.

If you have equipment which needs to be weighed, please present all implements for weighing to the equipment room, at the side of the track, at least one hour before your event. Personal implements are limited to two per athlete.

Please listen for announcements and present yourselves at the required area at the correct time. **The Call Room Schedule will be displayed adjacent to registration and can be found on the website. You must go through callroom before your event.**

If you are competing on both days, please retain your numbers for the second day – You must however register your attendance on both days.

Club, county, area or national vests must be worn.

If you qualify for a final (track or field) you must take part unless you have a valid reason which has been approved by the Competition Director - saving yourself for another event is not a valid reason and failure to take part is likely to result in your disqualification from all further events over the 2 days of the championships.

Stadium blocks only may be used for track events. Track spikes limited to 6mm.

Should you forget your safety pins, they will be on sale at £1 for a set of 8 at registration.

We look forward to a successful and enjoyable weekend and would like to take this opportunity to thank you for your entry and wish you good luck in your event.

Yours sincerely,

Northern Athletics
