Graves Park Sheffield hosted the 2012 running of these championships, after a week of very heavy rain leading up to the event it was nice not only to have a dry day but the icing on the cake was some lovely October sunshine to complete the perfect day.

## **Senior Women**

After lifting the road relay title a fortnight ago Rotherham must have fancied their chances of doing a relay double, however Durham City had other ideas. Holmfirth's Katie Walshaw 12.03 running the fastest time of the day came home first followed by Durham's Rosie Smith

with Kingston upon Hull Jessica Lonsdale third. On leg 2 Chloe Price moved Durham into the lead while Rotherham recovered from being thirteenth after leg 1 to move to second place through an excellent run from Steph Burns. Clair Leaver was third for Holmfirth. It was a big ask for Rotherham's Annabele Grady on the final leg, as she chased down Durham's Aiveen Fox and despite pulling back a massive 33 seconds it was not enough to deprive Durham of their title. Natalie Farrow having an excellent run brought Lincoln Wellington AC home for the bronze medals
