

Holly New Record

Blackburn's Holly Bleasdale broke her own UK under 20 pole vault record at Manchester's SportCity on 13 June with a vault of 4:27. Holly previous UK record of 4:25 was set earlier this year at the Loughbrough International meeting

Holly's competition opened with a surprising failure at 3:90, however she sailed over this height at her second attempt and her next vault saw her overtake the championship record of 4:05 with a 4:10 first time clearance. Holly then set the bar at 4:27 for a new UK record which she cleared first time much to the delight of spectators.

The bar was then moved to 4:32 at which she made three further attempts before she bowed out. [Results](#)
