We are both very shocked to hear of Ken's death. Adrian has had many a tussle with Ken starting with the first Horwich 5 back in 1984 when Adrian was only 17 years old. Ken was a gentleman both in athletics and as a person. It was a privilage to have known him. From Susan & Adrian Selby

I was shocked to hear this very sad news today at the Lancashire Championships, where a minutes silence was observed before the men's race. Ken was a great competitor and he will be sadly missed.

Knew Ken from right back in 1987 when I was a teenager, and he was still performing at his best on the track. He was a great athlete and a very charming

person. Over the years I chatted with him at races and after a close battle narrowly lost to him as recently as 2007 in the Lostock 6. Very shocked to hear the news - my thoughts and condolences go to his family at this time. RIP Ken.

Like everyone else hearing this news, it came as a great shock to me to hear of Kens passing. A superbly talented athlete who was constantly on the scene since my own first race in 84 and as recently as last year, always performing at an extremely high level. A real gentleman, a humble man but a steely competitor, he will be greatly missed. RIP Ken.

To my uncle Ken..you inspired me and always will to be the best I can be both as an athlete and as a person. During hard times I think of the strength and toughness you showed as an athlete together with the politeness and willingness to help anybody you met in anyway you could..you are one of a kind. You are alive in everyone you met forever. I missed your funeral due to heavy snow and so this is my words to you..I hope you hear them. Love John
