

I welcome you to Redcar for our 2025 12 & 6 stage Road Relay Championship. This is the third time we have returned to Redcar, and I hope the weather is kinder to us today, because when we were here two years ago it was very misty with a heavy sea fret.

These championships are one of the major team championships in athletics and always provide intense club competition to reach the National Championships later in April.

Northern Athletics wish to thank Graham Hall and New Maske Harriers club for all their help in organising these championships, and all of Northern Athletics' technical officials, marshalls and helpers for all their support.

Best wishes to all the clubs who are taking part today and to the supporters we wish an enjoyable day encouraging their athletes.

***Pat Schofield***  
**Northern Athletics President**
