OBITUARIES

Northern Athletics would like to extend condolences to the families of friends and colleagues who have passed away during the year, including: George Bunner, Malcolm Rogers, Kevin Carr, Bill McGuirk, Stephen Birch

PRESIDENT'S REPORT

I was both surprised and delighted to be asked to become Northern Athletics President for 2025/2026. When I read the names of previous holders of the office, I felt I was bit of an imposter, recognising most of the names, being acquainted with many, friends with a few and being helped and inspired by a handful. But I then realised that we have all contributed in our own way.

I was able to attend all but one of the Northern Athletics events, sadly missing the U15/U13 Indoor Championships, I especially enjoy indoors. At the U17/U20/Sen Indoor Championship it was a pleasure to award medals and shake hands with some current internationals and some potential future internationals. However, the highlight of my term, was being able to award a gold medal to Gabrielle Pinder from my own club after she retained her National Cross Country title at Sedgefield.

During the year I was able visit venues that I had never been to before, and I was able to catch up with some people that I hadn't seen for up to 20 years.

I never aspired to become a technical official but did become the default Level 3 Endurance official in the North Yorkshire & South Durham area for a year or so when Matt Fraser passed. So, I was impressed to see such a large "army" of technical officials, across the age range (I remember some of the younger ones when they were junior athletes). I was able to observe some officials beavering away almost unnoticed, which is how it should be – the athletes should be the stars of the show.

So, this has been a bonus to my swan-song year, as having spent all my married life and more, weaving life around the 12 month athletics calendar, I intend to step back totally, so we can do what we want, when we want to.

Many thanks my predecessor Pat Schofield for keeping me right and good luck to my successor – I hope your year is as good as mine has been.

Graham Hall
President 2025/2026

CHAIRMAN'S REPORT

Yet again, it is a pleasure to reassure our affiliated clubs that Northern Athletics has had an excellent twelve months of operation with success spread around every aspect of the work we do.

The Board has always been aware and mindful of the magnificent history of our organization stretching back to 1879, one year before the Amateur Athletic Association was formed. The North got together at the Prince of Wales Hotel in Southport that year and decided to not only form our organization but to also put some structure and order into a sport that was devoid of rules and as a result, subject to abuses by athletes and their agents. It was a successful meeting and was the birth of the sporting body we represent today at our AGM here in Manchester.

We all remember today those who have gone before us and got us to where we are now. Some who have gone before us may have been known to those present today so we will respect them all by our reflective silence before our meeting starts.

Northern Athletics continues to achieve so much with the work we do week in week out towards our many championship events. We expose our efforts and those of our athletes and officials through our ever-increasing social media presence coordinated from the centre by Mark Tallon and his team. This is Northern Athletics adapting to the new world where changes occur at an ever-increasing speed in the same way records in athletics seem to be broken every week. As history teaches us, nothing stays the same.

We have to keep up with those changes at a pace that enables us to keep control but not so fast that we fail to see the cliff edge. Many of us know that this has happened at national level with failures to keep control of finances and recruiting the wrong people for the wrong reasons. Our national governing bodies receive huge amounts of money from the government and spend it as the government says. This leads, in part, to decisions made without proper consultation with the grassroots of our sport in an attempt to chase further money the following funding cycle.

Our funding comes from grassroot sources including our clubs. We do not rely on the uncertainty of ever decreasing yearly applied for handouts from England Athletics. This has placed us in a good position for the years to come. However, we are responsible to our clubs and their athletes when we spend and if we fail in our task to spend responsibly and to perform well then we lose the respect and support of those who back us.

The affiliation scheme has been a huge success and makes us financially secure but it needs to continue with the same amount of support as it has had for the last eight years. The challenges out there with increasing costs and pockets having to be tightened mean we must operate at the best level we can to provide excellent championships that athletes want to compete in.

We need to continue to attract athletes to our events and I believe the last twelve months have shown we are getting there on an upward trajectory. The success here is largely down to our brilliant officials, our supportive athletes and our affiliated clubs.

As I step down, I wish the new chair every success as the baton is passed on. I also want to take this opportunity to thank Mark Tallon as well as our long-standing treasurer Nigel Orr and the fantastic Board we have who have supported Northern Athletics throughout my eleven-year tenure in this position.

It has been the proudest period of my life in the sport and I will be forever grateful to those who have been with me on that exciting journey.

Thank you.

Tony Wood
Chairman, Northern Athletics

REPORT OF HONORARY TREASURER

For the financial year 2025-26, the income and expenditure account shows a net surplus for the year of £16,711 (2024-25 = £8,031 surplus); and the balance sheet shows that on 31st March 2026 the value of the net assets of Northern Athletics was £270,329 (31st March 2025 = £253,618).

The Northern Athletics Club Affiliation Scheme continues to be well supported by Clubs throughout the North. The income received in 2025-26 was £57,134, which is slightly more than the £56,406 received in the previous year.

As Office Manager, Mark continues to introduce technological advances and improvements in the efficiency and effectiveness of systems for administering the office and competition events. During the year, an internal review of IT systems identified additional operational efficiencies that can be made and progress is being made on implementation.

2025-26 was the second year that the Board and Trustees agreed to invest resources in seeking to make our Championship Events more professional and able to meet the increasingly high expectations of the athletes and other participants. During the year £10,220 was spent on providing support at events, social media coverage, photography, video footage, branding and equipment. We continue to receive very positive feedback on the improvements in how events are promoted, managed, and reported on, with widespread media coverage of our events.

A full range of championship events were promoted successfully during the year. In total, financial returns from the championship events were more positive when compared to the previous year, notably in relation to Track & Field championships. This is particularly pleasing because venue and infrastructure costs associated with organising all events continue to increase significantly. The success of the events is primarily down to the great efforts of the teams of volunteers and staff who promote, organise, and facilitate the events.

In 2019-20 England Athletics provided a sum of £33,000 to be used specifically for a multi-year “Officials’ Development” project, the main purpose of which is the training, development and support of new and existing officials. During the last year, £1,217 was spent on electronic Tablets for use by Officials at events. At the end of the year, £9,471 of unspent funds has been carried forward as a “Restricted Fund”, shown in the balance sheet.

In summary, Northern Athletics remains in a positive financial position. The excellent support from our clubs for the Affiliation Scheme provides the basis of an independent and sustainable source of income. This has built a significant and sound financial base for investing in further improvements in the provision of future competition events and providing support to clubs, athletes, and officials throughout the North.

As an example of the recent use of funds that are held in reserves, during the last year a total of £35,532 was allocated from the cash reserves and used to purchase Photo Finish Equipment, an Electronic Starting System and Electronic Distance Measuring Equipment, all of which are being used by Officials to improve the efficiency of running our championship events.

My personal thanks and appreciation go to Mark and a team of volunteers throughout the North who contribute hugely to the smooth running of the financial activities of Northern Athletics.

Nigel Orr
Honorary Treasurer

Cross Country Report 2026

Northern Athletics Cross Country Championships
Sat 24th January 2026 at Pontefract Park, Pontefract

The Championships returned to this venue for fifth time in the last 14 years.

Participant feedback was overwhelmingly positive; with one improvement point being that some runners who were asked to cease continuing on the last lap in the senior men's race by the race referee, (as there was a danger of them being still running in the dark, with the risks that this poses to both the runners and the marshals) This is not an issue for this venue only and we are looking to introduce some clause in the prospectus that prevents this being an issue in the future.

The total entries were down on previous years with 1565 entries across all the races; with the biggest drop in numbers in the two senior races This was the lowest entry in the championships since 2007. Despite the relatively low cost of this venue, the event did lose £883. The days of over 3000 total entries, for this event, seem to be no longer.

We again used Crazy Legs for chip timing (chips on the numbers instead of the normal ankle chip). There were again no issues on the day and all who ran were accurately recorded.

Jerry Watson, as Clerk of the course, and the usual volunteers for this venue had a difficult problem with the very wet weather that preceded the event, meaning that we had to change the start & finish arrangements to get a workable course.

In addition, to those already mentioned thanks must also go to all the officials & marshals of which some were there for the set up and on the day of the event, without them all the event wouldn't happen. Big thanks also to our President – Graham Hall who presented the awards, and was able to present a winner's trophy to a member of his club.

Northern Athletics Cross Country Relays 2026 AGM report.

We again used chip timing this year, and had a successful and enjoyable event, despite us not having any designated parking area that we can use. Again, those that did compete did thankfully seem to get to the event without anyone missing their race start time The weather was fine and the course condition was the best we have ever experienced at Graves Park.

Entries held up well:-

teams 2025 entered 420 complete teams finished 337
2026 entered 412 complete teams finished 317 despite this being the first year of new age groups and the age groups for XC & road moving to the end of the competition year, which caused some confusion for club team managers & entry organisers.

The use of chip timing (Thanks to Crazy Legs Timing), again meant that presentations for all race teams and fastest leg runners took place promptly and effectively after each race.

It was again good to welcome back clubs who have always supported the event, also some newly formed and affiliated clubs who were here for the first time.

All races started on time & all course dismantling was completed by 4:30.

We had some excellent competitive races, and some very close finishes in some races.

Thanks are again due to the host club – Sheffield Running Club - for their help with course design & operation; and to all the Northern Officials & volunteers who helped on the day.

Congratulations to Salford Harriers (men) and Derby AC (women) for their senior win repeats. Salford demonstrated their strength in depth with the A team winning and the B team 2nd (1st B team).

The ground conditions and the lack of any significant wind on the day again produced some exceptional times; but this years fastest times didn't see any new records, Harry Wakefield running a good 9:42 with Callum Johnson running 9:46, Callum held on to his 2025 record time of 9:26, set on leg 4.

TRACK AND FIELD REPORT

At the start of the 2025/26 season, we confirmed that the adoption of Roster as the entry and results platform for all our Track and Field, both indoor and outdoor, events would continue and would also be introduced at our open events.

At the indoor open events in November and December, the use of Roster for entry and results meant that many of the problems we encountered with last year's November open meeting had been resolved and using Roster allowed live results to be accessed.

After consultation with England Athletics, we confirmed that the new age groups would take effect on 1 April. We therefore retained the previous entry categories: Senior, U20, U17, U15 and U13. Roster handled entries and results for all competitions, including live field-event results—even for the shot put, which is tucked away in a corner. Because our indoor events are so popular and limited to eight hours, timetabling remains challenging.

The first outdoor event was the JUDITH TEMPERTON Junior Inter counties. Fundamentally a new competition, introducing the new age groups and a new venue. We are most grateful to the local officials for their help on the day and the build up to the event at SHILDON. I was a little apprehensive, new age groups and a new venue ,a little off the beaten track. Thanks to the counties who turned up in force, all ten counties. The small contribution we asked from the counties was, as reported from them, a very worthwhile exercise to maintain this event in the calendar. Many thanks must go GARY CURTIS who worked tirelessly with the local council ,many thanks Gary.

Our Senior and U20/U18 Championships returned to Costello Stadium in Hull after many years. Although the venue is excellent, the pole vault and javelin runways cross however, careful scheduling prevented any problems. Revised venue pricing made the event slightly more expensive than expected, but the modest increase in entry numbers following the change from U17 to U18 helped to offset this increase. A continuing issue is the difference between entry numbers and athletes who register on the day. This can result in the loss of heats and sometimes semi-finals, creating gaps in the timetable. As we follow a published schedule, we can bring events forward by only a few minutes. Thanks to the Smiths for sharing their expert knowledge of the stadium, particularly Diane, who served as equipment officer for the first time and demonstrated considerable expertise. The single-level layout, including the officials' room, made the venue convenient and comfortable for officials and others. Thanks also to all the Costello staff for their warm and welcoming support.

Moving on to our age group championships, held at Leigh, situated in Leigh sports village. An excellent venue for our events. As all venues it has minor negative problems but has many positive attributes. Minor problems, Pole Vault runway, long jump run way and time keepers stand all in the same area thus impacting on the length and use of runways. Registration and callroom, situated on the balcony warm up track, limited the space left for the warm up area , but there was no other suitable area for these to go. With the help and knowledge of the ever present Simon Foster and his Leigh club members most problems were minimised .

Again the age group change had an impact on numbers but we were pleasantly surprised and there was no shortage of athletes. Participant numbers at this stage are difficult to compare to previous years due to the change of age groups (odd to even). The weather has played a big part in all our outdoor events this year, all for the good, which is unusual for the North.

This year has seen good weather: the introduction of a new venue, the continuation of Roster for results and entries, use of selections for the progress of ambitious officials in disciplines and technical aspects or some may say IT skills.

TEAM REPORTS

Home Countries XC International incl Inter-Area Match,

Ladies Report by Sally Malir

The North of England selected 4 teams from recent race results, including Liverpool Cross Challenge and The Northern Cross Country Championships. These teams were selected to race the London Cross Challenge which incorporated the Home Countries International where the athletes raced others selected by England, Scotland, Wales, Ireland, The Midlands and The South.

The race was held at the iconic Parliament Hill on February 7th and although not the same course as The National, it was still very hilly, the added bonus of lots of sloppy mud after weeks of constant rain and lots of short laps to make it spectator friendly.

From the highest point of the course the views were superb, a drizzly City with the top of The Shard cloaked in mist. The packs of runners setting off from the lowest point with this their backdrop.
First off for the North were the under 20 women . Where Faith Taylor (Lincoln Wellington) finished in 5th position, Sophia Roiditis (Salford) in 10th, Rose Gilldaley (Eden Runners) in 12th and Eva Jha (Vale Royal) finished in 23rd. Great packing and strength and determination lead them to 3rd team overall.

The senior women's race was the third race in which The North had a team. By this race the course was getting even more cut up and just getting to the start line was a challenge. Yet again everyone ran strongly with Jen Walsh (Leeds City) finishing in 9th position, Bethany Reid (Trafford) in 12th, Rachel Brown (Border) in 15th and Lucy Cardno (Hallamshire) in 19th position. Yet again the North team took 3rd overall position.

Telford 10k

Report by Gary & Shannel Curtis

In December 2025, Northern Athletics agreed to send a senior male and female team to the Telford 10k. Selection for both teams had been based on the 6 & 4 Stage Road Relays at Leigh back in September 2025. There were male and female teams from the Midlands, Wales, North Wales and UKaF entered for the Telford 10k alongside our own Northern teams.

The Telford 10k is a popular race seeing over 1300 athletes from far and wide competing on a cold Sunday morning. The course itself consists of a flat 2 lap, well sheltered course within the Telford Town Park. Known to be the fastest 10k course in the UK, expectations were high for some stellar performances, and we were not disappointed, seeing 39 runners coming in under 30 minutes.

The race itself was split into four waves, with elite men in wave one, elite ladies and further men in wave two and further ladies and men in waves three and four. It's a narrow start to the race followed quickly by a short downhill taking the runners into the start of the loop that makes up the lap.

The Northern Athletics men's team finished in 3rd place with 21 points, John Battrick (Keswick) 6th, John Beattie (Leeds City) 7th and Ewan Busfield (Derby) 8th. The Midlands team won with 10 points, and Wales taking 2nd place with 14 points.

The Northern Athletics women's team had a brilliant run finishing in 1st position with 10 points! Jade Morgan (Liverpool) 1st, Faye O'Hare (Liverpool) 3rd and Sophie Tarver (Wirral) 6th. The Midlands team took 2nd position with 15 points and Wales taking 3rd place with 20 points.

What was really enjoyable to see in this race, especially waves 1 and 2 with it involving quite a narrow-cramped start followed by a long downhill into the park, was how everyone gave it their all from start to finish, racing throughout and holding nothing back for the closing stages. The 7 athletes who wore their northern vests on Sunday all crossed the finish line with nothing left to give. Fantastic to see - well done everyone.
